Honorable Scott Pruitt
Administrator
Environmental Protection Agency
Office of the Administrator (1101A)
1200 Pennsylvania Avenue
Washington, D.C. 20460

Dear Administrator Pruitt:

I want to thank you for taking time to visit with me during my recent trip to Washington and commend you for the outstanding work you have done in the last six months. I have been involved in GOP politics for the last forty years and you are, without a doubt, one of the most impressive public officials I have encountered. After our meeting, I made a point of telling Vice President Pence that you are the "rockstar" of the Administration's cabinet, and I meant every word of it.

I would like to invite you to southern Indiana to tour our Liberty Mine, which fuels one of Alcoa's largest manufacturing complexes in the world. Thanks to your leadership and courage, we could potentially create 700 new direct jobs between White Stallion Energy and Alcoa. I know you would enjoy meeting the hardworking men and women who help provide reliable and affordable American energy.

I would also like to host a meet-and-greet at my home. Bring anyone you like.

Again, thank you for being so generous with your time and continued service to our great nation. I hope you will come to Indiana for a mine tour in the near future.

Sincerely,

Steven E. Chancellor
Chairman
